

COLORADO RV SERVICE

START-UP & SAFETY PACKAGES

“If it sat all winter... it needs more than just turning it on.”

BASIC START-UP CHECK

Get systems online — fast - \$ Starting at \$199

- ✓ Furnace Start-Up & Function Test
- ✓ AC Start-Up & Performance Check
- ✓ Basic Running Gear Check (lights, brakes, underbody)

 *Good for quick startups — but does NOT catch deeper issues*

SYSTEM SAFETY PACKAGE MOST POPULAR

Catch problems before they leave you stranded - \$ \$349 – \$499

- ✓ Everything in Basic PLUS:
 -  Propane Leak Test (manometer)
 -  Expanded Running Gear Inspection
 -  Roof Inspection & Seal Touch-Up
 -  Appliance Safety Verification (furnace + AC performance)

 *This is where most costly failures are prevented*

🔴 TOTAL RV PROTECTION PACKAGE 🔥 BEST VALUE

Full-system confidence before your first trip - \$ \$699 – \$999+

- ✓ Everything in Safety Package PLUS:
- 🔧 Bearing Repack (Single Axle)
- 🔍 Annual Warranty-Level Inspection
- 🏠 Roof Deep Inspection + Preventative Care
- ⚙️ Full System Function & Stress Check

💬 *Designed to eliminate the most common breakdowns of the season*

⚠️ WHY THIS MATTERS

- Propane leaks = **fire risk**
- Bearings fail = **wheel loss on highway**
- Roof neglect = **thousands in water damage**
- Appliances fail when started incorrectly after storage

👉 *Most major RV repairs start as small, preventable issues*

🔧 INDIVIDUAL SERVICES (À LA CARTE)
